Client Account Agreement and Authorization to Debit/Credit

EXHIBIT B

Additional Terms and Conditions:

The following additional terms and conditions shall apply.

- A. CLIENT agrees to deposit sufficient good funds each payroll period in the DEMAND DEPOSIT ACCOUNT(S) designated in the Agreement to cover the participant contributions/deferrals (including loan repayments) and employer contributions, if applicable, to be made for the payroll period in accordance with the Agreement. Subject to the conditions herein, ADP shall initiate the debit of funds from DEMAND DEPOSIT ACCOUNT(S) pursuant to an "ACH" transaction. ADP agrees to transmit the amount of such contributions to the Plan's trust (the "Trust"). In order to enable ADP to transmit the applicable participant and/or employer contributions, deferrals or loan repayments to the Trust and to receive certain of the other services offered by ADP from time to time, CLIENT agrees to execute certain additional documents if such documents are requested by ADP.
- B. If ADP receives notice from CLIENT'S BANK (a "Bank Notice") that insufficient good funds are available in the DEMAND DEPOSIT ACCOUNT to satisfy any ACH debit described in Section A, above, CLIENT hereby authorizes ADP to take such actions as are necessary to redeem shares of the investment funds to be made available for the investment of assets under the Plan within the Plan's Trust in order to effectuate the recall of the debited funds by CLIENT'S BANK. Such redemption generally shall occur no later than five business days following the date of ADP's receipt of a Bank Notice. ADP may, but is not required to, contact CLIENT prior to effectuating such redemption to request that the CLIENT deposit sufficient funds in its DEMAND DEPOSIT ACCOUNT so that ADP may initiate another debit for the originally debited amount.
- C. If insufficient good funds are deposited in CLIENT'S DEMAND DEPOSIT ACCOUNT to satisfy any debit, prior to any subsequent debit of the DEMAND DEPOSIT ACCOUNT, ADP may provide notice to CLIENT that henceforth, new administrative procedures, which shall be communicated to the CLIENT, may be instituted to attempt to reduce the risk of insufficient funds being available for any future debit (e.g., ADP may require CLIENT to wire funds for any future transaction covered by this Agreement, subject to such terms as ADP may require). Alternatively, ADP may elect to avail itself of any other right accorded to it under the Agreement or the Administrative Services Agreement between ADP and/or ADP Broker-Dealer, Inc. regarding services with respect to the Plan then in effect (the "ASA"), including providing notice of termination of the ASA accordance with the terms thereof.

ACH DEBIT FILTERS – ADP COMPANY ID'S
(Does not apply to wire transactions)

What is an ACH Debit filter?

An ACH Debit Filter is an automated solution that screens incoming ACH transactions to identify unauthorized transactions. Debit filters on your bank accounts help block unauthorized ACH debit transactions, making it less likely to be impacted by fraud.

What is a Company ID?

The following Company IDs allow ACH transactions to be reviewed and approved (or returned); permitting only approved transactions to post to your accounts.

What do I need to do with these numbers?

To ensure timely processing of your payroll, it's imperative that you forward the following ADP-originating Company ACH debit filter IDs to your financial institution to be set up on your account.

How do I know what ID to use?

We've made it easy by including all of the numbers you may need. Just print the table below and provide it to your financial institution.
