At MVP Health Care we strive to provide the best service possible to all of our customers. In an effort to improve payment processing and decrease invoice discrepancies and in some cases delinquency notices, we have listed some helpful tips to assist you with your monthly invoice processing.

Q: Can you pay your invoice online and sign up to go Paperless?

A: Yes, to do this you will need to *Log In or Register* for an MVP online account at **www.mvphealthcare.com** and select **Payment Center**.

- Make a single payment for your current monthly premium, or
- Set up recurring payments to automatically debit your premium from your bank account each month.
- Choose to *Go Paperless* and get an email notification when your monthly premium invoice is available online instead of receiving a paper invoice in the mail.

If you need a log on ID please contact your MVP Account Representative.

Q: Did you pay your invoice in full and on time?

A: All invoices need to be paid in full as billed in order to avoid delinquency notices and possible termination. Your invoice total can be found on page 1 of your bill. To avoid any delinquency notices and possible termination, full payment must be made within 30 days of the due date.

Q: Do you need to make any adjustments to your group's membership including additions, terminations and tier changes?

A: If so, please submit the changes directly to MVP Employer Account Services Department (EAS). **Do not submit changes with your payment as the changes will not be processed unless they are received by EAS using one the following submission methods.**

- Submit your changes in writing and mail to: **MVP Health Care Employer Account Services**
- **Department 625 State Street, P.O. Box 2207, Schenectady, NY 12301-2207.**
- Changes can also be faxed to us at **518-386-7885.**
- Email your changes to us at **easeligibility@mvphealthcare.com.**
- We also welcome you to log on to MVP's website at **www.mvphealthcare.com** and utilize the membership roster capabilities available to you. If you need a log on ID please contact your MVP Account Representative.

To help us ensure accurate and timely billing, it is essential for your group to reconcile your statement each month. This is the most efficient way to verify that all members listed on your statement are still active and enrolled in the correct tier and product. All enrollment changes that are submitted and processed before the bill run date will appear on the current month's invoice. If activity is submitted and processed after the bill run date, the change will appear on the following month's invoice. Please note that MVP has retroactivity guidelines that must be followed. To avoid possible denial of your changes please ensure that all membership changes are submitted timely.

Q: Do you have any Group related changes?

A: Changes such as HBA updates or address changes should be communicated directly to your MVP Account Representative.

If you need additional information or require further assistance please feel free to contact your Premium Billing Representative listed on the first page of your invoice.

Please note you can not use your billing invoice to communicate terminations, additions or group cancellations
