Part 2: Update Web Access

Super Admin Flex Users: You can update company-level access to registered web users by following the steps below:

1. Log in to the website at paychexflex.com
2. Select the **User Access** icon
3. Highlight the user's name
4. Go to **Company Access** and click **Edit**
5. **PBA** (Benefits Account) – use the radio button to enable or disable access

Retirement Services – use the drop-down box to select the appropriate access:

- No Access
- Plan Contact (view only)
- Plan Administrator (full access)

If the person you're trying to grant access to is not listed, please have them register for an account by selecting the **"Sign-up"** Link from the paychexflex.com homepage and then follow the above steps.

For technical questions regarding your Paychex Flex account, call your payroll specialist.

I warrant that I am the authorized Plan Administrator and am authorized to make the changes to the plan contact(s) as set forth above. I understand that Paychex will be entitled to act and rely upon direction, to the extent permitted by the Plan, provided by the plan contacts currently in place and those added above. I understand that authorized plan contacts have the authority to discuss any Human Resource product that Paychex, Inc. provides services for, including Retirement Services and Section 125.

Section 125 PEO Plans Only: I further understand that Paychex Business Solutions (not Paychex) is the plan administrator of the Section 125 plan.

NOTE: If the signatures do not correspond to the administrator on file, we will not be able to process this form.
