

Paid Time Off (PTO)

Full-time employees are eligible for paid time off.

PTO is calculated according to the calendar year and is credited to eligible employees in increments of 7 PTO days each on January 1st and July 1st.

Employees are eligible to use their PTO days after completing 6 months of employment. During the first year of your employment, PTO will be prorated using the following tables.

Additional PTO Birthday:

Employees who have completed 3 years of service will receive 1 extra day each year to be used during their birthday month. Prior approval is required for scheduled day requested.

Submit PTO requests in writing at least one month in advance to your supervisor for approval. PTO requests are granted, taking into account operating requirements. Length of employment may determine priority in scheduling PTO.

The PTO policy is a use it or lose it policy and pay will not be granted in lieu of taking the time off. PTO cannot be carried over from one year to the next unless you have received prior approval from your supervisor and the president.

PTO cannot be taken in excess of one week at a time.

Upon termination, eligible employees will not be paid for accrued but unused PTO.

Unpaid Time Off

Unpaid Time Off is time away from work that is in excess of your PTO and not previously approved. Excessive unpaid time off can lead to disciplinary action up to and including discharge.
