Dear valued client,

It was 15 years ago that ClaimLinx started with an idea, which led to a book and eventually grew to the thriving business you know today. You may have been with us from the start, just began a relationship or may be somewhere in between. In any case, we thank you.

This year, in honor of our anniversary, we published a new edition of the 2005 book *How to Beat the High Cost of Healthcare* that started it all. It breaks down the ClaimLinx Solution in practical terms, with real life examples from clients who have saved big. And with the new edition, you're getting all the latest statistics and information about the health insurance industry.

**HOW TO BEAT THE
HIGH COST OF
HEALTHCARE**

Thomas J. Quigley
Edward A. Lynn, JD
Christy A. Quigley

For your convenience, we've included a complimentary copy of the book. Please contact service@claimlinx.com if you know someone who would like to start saving on health insurance for his or her employees. We would be happy to send a copy!

The new edition is the best way to see just how much ClaimLinx can do for a small business. It's not just about savings; it's about education too. So we've included more than ever about all the ways there are to save, even in this difficult industry.

The book is available now on Amazon. See more at www.ClaimLinx.com/About/Books

We are so happy to continue working with you to provide great benefits for you and your employees.

Sincerely,

Christy Quigley
