Social Security Release

The Social Security Administration offers the parents of newborns an opportunity to apply for a Social Security Number for their child through the birth certificate registration process. This is referred to by the Social Security Administration as Enumeration at Birth (EAB). If you participate in the EAB, the New York State Department of Health will forward to the Social Security Administration information from your child's birth certificate. Please note that the Social Security Administration will not process your EAB request unless, the birth certificate includes your child's full name. If you participate in the EAB, disclosure of parents' Social Security Numbers is mandated by 42 U.S.C. 405(c)(2). The Social Security Number(s) will be used by the Internal Revenue Service (IRS) solely for the purpose of determining Earned Income Tax Credit compliance. If you wish to participate in the Social Security Administration EAB program check "Yes" below.
