Bob,

Per our MS Teams conversation at 1pm this afternoon, you tendered your resignation "effective immediately" indicating that the job of outside sales has not been fun and that you have not been happy doing it. You also indicated that you would be sending out your own letter of resignation.

As a courtesy to the years of service you provided I am happy to continue your coverage for health care until the end of February 2021 after which time Medicare will take over. This will avoid Excellus having to charge you for February coverage under COBRA.

I wish you and Colleen much enjoyment in your retirement. Please stay safe.

Thank you,
Ken

Subject: Departure

To All;

Well if you haven't heard yet as of today I am no longer an employee of Johnstone Supply. Before rumors start flying to set the record straight it was my call to end my 19 year relationship with Johnstone.

For many years I always told my associates that if and when you are not happy at what you are doing, it is time to move on and now I am practicing what I was preaching. It is time to turn this page in my life and move on to something that will interest me.

As with most departures there are many underlying issues that helped me make my decision, but this is not the time or place to air that laundry. Being the Syracuse Branch Manager for some 16 years and for some reason being the person that many and I mean many **past and present** employees confided in, that laundry list is pretty extensive.

It has been my pleasure to be associated with you and I hope for those of you that I have had direct contact with, that in some way I have made a lasting impression and you have learned something from me that you can take with you for the rest of your life. I appreciate the respect you have shown to me over the years and wish you the best.

Sincerely

Bob
