

Cell Phone Usage & Texting While Driving

Never text while driving. It can wait!

Make our roads safer and save lives. Be smart and familiarize yourself with the special "Texting Zone" locations along the New York State Thruway and State Highways.

Under New York State law you cannot use a hand-held mobile telephone or portable electronic device while you drive. Illegal activity includes holding a portable electronic device and

- talking on a handheld mobile telephone
- composing, sending, reading, accessing, browsing, transmitting, saving, or retrieving electronic data such as e-mail, text messages, or webpages
- viewing, taking, or transmitting images
- playing games

If you use a portable electronic device while you drive (except to call 911 or to contact medical, fire or police personnel about an emergency), you can receive a traffic ticket and be subject to a fine and a surcharge.

Conviction of a cell phone use, portable electronic device use or a texting violation will also result in points being added to your DMV driving record. If you receive 11 points in an 18-month period, your driver license may be suspended. To learn more, see [About the NY State Driver Point System](#).
