

PARTICIPANT FEES AND ANNUAL DISCLOSURE STATEMENT

Wallace Group 401(k) Profit-Sharing Plan ("Plan")

This Disclosure Statement is designed to provide information regarding fees associated with the operation and administration of your Retirement Plan. The program has been established under rules and regulations established by the Internal Revenue Service and Department of Labor. To ensure compliance with these guidelines, your Employer has engaged several service providers to oversee certain aspects of the Plan's operation.

INFORMATION ON YOUR ACCOUNT

The Plan document, which has been approved by IRS, includes options selected by your Employer. Contributions, distributions, and other provisions relating to the operation of the Plan are outlined in policies and notices used to communicate benefits of the program to participants. This material is provided to participants and beneficiaries through the website and includes the Summary Plan Description, Administrative Forms, and activity notifications.

The Plan generates certain reports on an annual basis to comply with regulatory directives. Financial reports, income tax forms and regulatory forms are generated and filed as required by law. For these activities, the Plan employs the services of a third-party administrator to accumulate data, process plan transactions and maintain a website for participants and beneficiaries. PenServ Plan Services, Inc. ("PenServ") has been selected as recordkeeper and third-party administrator for the Plan.

Monies received by the Plan are generally directed into Designated Investment Alternatives selected by the Plan Trustee or financial advisor providing investment services to the Plan. Where a financial advisor is appointed, the individual or firm meets periodically with Plan officials to discuss suitable Designated Investment Alternatives, assists with communication to participants and beneficiaries, and monitors the investment options to ensure the continued appropriateness of each asset.

Fees for the above services are generally paid from assets held by the Plan. Some expenses are applied to participant or beneficiary balances on a per capita basis. This means the cost is charged to each individual's account, without regard to the relative value of the balance. An example would be the quarterly participant fee. Each account is assessed the same charge. Other expenses are paid from plan assets and applied on a pro-rata basis. These fees are based on the value of an individual's account balance, as it relates to the total value of the assets used to compute the charge. An example would be Custodial Fees that are stated as a percentage of total assets held in the custodial account.

USING THE PARTICIPANT WEBSITE

Participants and beneficiaries may generally access the Plan's website at any time and enter instructions to purchase or sell funds offered in the account. Transaction requests received prior to the close of NYSE trading on any business day will be entered on the same day. Otherwise, trade instructions will be placed on the day the Exchange is next available to accept transactions.

TRADING RESTRICTIONS

Some funds may impose limitations on trades and in some cases, may limit the ability to direct transactions in your Plan. These restrictions are identified in the attached Comparative Chart describing each Designated Investment Alternative offered by your Plan.

VOTING RIGHTS

As a participant in the Plan, you have the right to vote on various actions under consideration by the investment company holding your assets. You can request proxy materials and exercise your rights by voting proxies issued by the Designated Investment Alternative. You may request this material by contacting a PenServ representative.

DESIGNATED INVESTMENT ALTERNATIVES

The attached chart provides a list of the Designated Investment Alternatives selected for your Plan. This material includes valuable information designed to help you select appropriate investments for your account. The list includes the website address of each fund family where additional information is available. In addition, the most recent prospectus and financial reports released by the investment company, as well as other helpful information is updated monthly on the Plan website at www.penserv.com. The site also includes a Glossary of Terms and a number of other tools designed to assist you in the management of your Plan Account.

CHANGES TO THIS INFORMATION

If any changes are made to the list of Designated Investment Alternatives, you will receive an updated Notice of such change at least 30, but no more than 90 days in advance of the effective date, unless such advance notice is not possible due to events that were unforeseeable or circumstances beyond the control of the Plan Administrator. In that case, the notice will be provided as soon as reasonably practicable.

ADMINISTRATION EXPENSES

Your Plan may be required to prepare and maintain certain legal documents and prepare financial reports that are audited by professionals certified to perform these activities on behalf of the Plan. This expertise is provided by attorneys and CPA firms selected by your Plan Administrator.

The TPA for the Plan maintains the website and provides administrative assistance for Plan participants. TPA services include payment of benefits from the Plan, determination of participant balances, and the execution of transactions requested by participants. Benefit payments, related tax reporting, issuance of new loans, collection of loan repayments, and maintenance of transaction records are examples of the services provided by the TPA.

The Plan maintains accounts through a Custodian that records transaction data for Designated Investment Alternatives selected for your benefit. Execution of trade instructions, collection of dividends, application of fund changes and reconciliation of cash for your account are services provided by the Custodian. These records are used by your Plan Administrator to confirm the value and existence of the assets reported for your account.

The financial advisor is generally compensated from the assets of the Plan. Based on the arrangement with the Plan Sponsor, the cost may be paid from the expenses assessed by the Designated Investment Alternatives or applied as a separate service fee classified as advisory, education or other related services.

ALLOCATION OF ADMINISTRATIVE COSTS

Costs allocated to participant accounts are applied based on classification of the expense. Charges assessed by the Custodian are allocated on a pro rata basis, i.e., on the relative value of a participant's account to the total value of all participant accounts. Other administrative costs are applied on a per capita basis and charged to a specific participant's account. These fees may include:

Activity	Activity Description
Participant Fee	Maintain plan website, assist participants, provide account reports
Distribution of Benefits	Liquidate assets, generate payment, provide tax reporting
Periodic Payments	Liquidate assets, generate periodic payments, provide tax reporting
Loan Initiation	Process loan request, liquidate assets, generate payments, create web loan, notify employer of payroll withdrawal, where applicable
