Available Upon Request

I have 15+ years of accounting experience and a B.A. in Business Economics with an emphasis in Accounting. I have worked on various projects in a variety of industries including wholesale/retail, consumer products, manufacturing, healthcare, CPA firms, technology, construction, and education. Most recently, I was working for a local public transportation district as an Accounting Analyst handling bank reconciliations, journal entries, intercompany accounting, producing monthly financial reports, and assisting with audits. I have high volume exposure to bank reconciliation, credit card reconciliation, month-end journal entries, A/R, and A/P, and financial report creation.
